Overall Length:

12.000 inches

Overall Height:

1.440 inches

Overall Width:

9.750 inches

End Application:

Fault assisted circuits for electronics training, pacet, lab-volt systems

Special Features:

Used to study digital circuits and troubleshoot them

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A511k0
