Overall Length:

6.378 inches

Overall Width:

4.250 inches

End Application:

Electrical control p/n 06-0098 onboard 378 ft whec coast guard vessels

Special Features:

Component quantity: printed wiring board 1, transipad 8, transistor 7, diode 10, resistor 23, p.C. Board habdle 1, unijunction 1; voltage regulator p.C. Board assmebly

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A511k0
