Overall Length:

6.375 inches

Overall Width:

4.250 inches

End Application:

Electrical control p/n 06-0098 onboard 378 ft. Whec coast guard vessels

Special Features:

Component quantity: printed wiring board 1, transipad 2, heatsink 2, optpcoupler 1, operational amplifier 1, voltage regulator 1, transistor 2, capacitor 7, diode 17, resistor 16, p.C. Board handle 1 terminal 14; power supply and paralell p.C. Board assembly

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A511k0
