Overall Length:

5.000 inches

Overall Width:

3.625 inches

End Application:

Auto pilot onboard 210 foot wmec coast guard vessels; circuit board Id200-oca

Special Features:

Component quantity: printed wiring board 1, resistor 10, transistor 2, capacitor 5, 8 pin socket 1, 14 pin socket 1, diode 1, integrated circuit timer 1, voltage regulator 1, quad opamp 1

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A511k0
