Body Style:

Double flair entry

Overall Length:

Between 2.480 inches and 2.520 inches

Overall Height:

0.180 inches

Overall Width:

0.298 inches

Unthreaded Mounting Hole Diameter:

0.066 inches single mounting facility and 0.070 inches single mounting facility

Mounting Facility Type And Quantity:

2 unthreaded hole single mounting facility

Special Features:

Holder accommodates 0.0625 in. Thk printed wiring board

Material:

Copper alloy 175

Material Specification:

Qq-c-533b federal specification single material response

Surface Treatment:

Cadmium

Surface Treatment Specification:

Qq-p-416e, type ii, class 2 federal specification single treatment response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A03600
