End Application:

8888-00-888-1988

Special Features:

5printed wiring board 1; connector plug elec 1; rivet oval head copper 2; receptacle contact 43; capacitor 11; diod3 48; transistor 2; resistor 7; insulator disc component 9; insulator disc 1; screw pan head 2; nut self locking 2; insulator crystal 2; spacer 2

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
