Special Features:

Pcapacitors 17; connector, plug, electrical 1; microcircuits, linear 6; microcircuits, digital, ttl 4; semiconductor device, transistor 8; resistors 54; semiconductor device, diode 9; printed wiring board 1; mounting pads 8

Specification Data:

04939-728010819-019 professional/industrial association specification

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
