Overall Length:

4.690 inches

Overall Height:

2.060 inches

Overall Width:

3.700 inches

End Application:

F101 main engine control

Special Features:

Components: printed circuit board assembly 1, wire strain relief 2, cabinet 1; impedance box

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
