**Body Style:**

Double flair entry

**Overall Length:**

3.500 inches

**Overall Height:**

0.330 inches

**Overall Width:**

0.300 inches

**Unthreaded Mounting Hole Diameter:**

0.067 inches all mounting facilities

**End Application:**

Power supply assembly, fleet electronic warfare support group peculiar equipment

**Mounting Facility Type And Quantity:**

2 unthreaded hole all mounting facilities

**Material:**

Copper alloy 172

**Material Specification:**

Qq-c-533 federal specification single material response

**Surface Treatment:**

Cadmium

**Surface Treatment Specification:**

Qq-n-290, class 1, grade b federal specification single treatment response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A03600
