End Application:						
Aircraft model p3c p	oeculiar					
Special Features:						
Capacitor fixed 89;	connector 4; diode 16;	inductor 28;	microcircuit 18;	printed wiring board 1;	resistor fixed 52;	resistor variable 1;
transistor 3						
Shelf Life:						
N/a						
Unit Of Measure:						
Demilitarization:						
Yes - demil/mli
