Product Name:

Fsc application data: avionics support

Special Features:

Printed wiring board 1; microcircuit 46; transistor 8; transformer 37; capacitor fixed 73; resistor network 29; resistor fixed 148; connector 15; semiconductor 24

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
