**Product Name:**

Fsc application data: asn-92 (carrier inertial navigation system)

**Special Features:**

Components include printed wiring board 1; copper bar 2; extractor 2; stiffener plate 1; stiffener bar 1; integrated circuit 128; transformer pulse 1; relay 2; resistor 19; capacitor 115; terminal strip 2

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A511k0
