Overall Length:

12.500 inches

Overall Height:

0.750 inches

Overall Width:

11.000 inches

End Application:

Ils asii (p/o non-federal ils civil takeover)

Product Name:

Electronic componets assembly

Special Features:

Function, electronic component assembly, monitor combiner assembly; reference data, 2a1a1, operations and maintenance manual, model 1100 localizer system, drawing 502030, sheet 2

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
