Electrical Card Stiffener - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/5998-01-378-6549

Overall Length:
8.355 inches
Special Features:
Right hand application
Material:
Aluminum alloy 2024
Material Specification:
Qq-a-225/6 federal specification single material response
Surface Treatment:
Nickel and chromate
Surface Treatment Specification:
Mil-c-26074 military specification 1st treatment response and mil-c-5541 military specification 2nd treatment response
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A03600
Mil-std (military Standard):
Mil-c-26074 spec.
