Printed Circuit Board Holder - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/5998-01-381-8409

#### **Overall Height:**

Between 0.548 inches and 0.552 inches

### Material:

Aluminum alloy 6061

# Material Specification:

Qq-a-250/11 federal specification single material response

### Surface Treatment:

Chromate and nickel

### Surface Treatment Specification:

Mil-c-5541, class 1a military specification 1st treatment response and mil-c-26074, class 4, grade b military specification 2nd treatment

response

## Shelf Life:

N/a

### Unit Of Measure:

--

## Demilitarization:

No

### Fiig:

A03600

### Mil-std (military Standard):

Mil-c-5541 spec.
