Overall Length:

8.500 inches

Overall Height:

0.550 inches

Overall Width:

3.900 inches

End Application:

Nha - a11773-01 dfc/exciter interface

Features Provided:

Electrostatic sensitive

Criticality Code Justification:

Cbbl

Product Name:

Cca, divide 16-32 doppler good

Special Features:

Esd; contains amplifier and divider circuits that provide carrier reference signals to the range extractor and the doppler frequency converter

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
