Overall Length:

9.250 inches

Overall Height:

0.500 inches

Overall Width:

6.250 inches

End Application:

Outside plant

Features Provided:

Electrostatic sensitive

Criticality Code Justification:

Cbbl

Product Name:

Muldex unit 2/8 mbit/s

Special Features:

Nmultiplex end input and demux end output is 2048 kbit/s + or - 50 ppm; multiplex end output is 8448 kbit/s + or - 30 ppm; supply voltage + 5v; power consumption is 6w max; temperature range is -5 to + 45 degrees c

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A511k0
