Overall Length:

9.050 inches

Overall Height:

0.640 inches

Overall Width:

6.400 inches

End Application:

Unmanned threat emitter

Features Provided:

Electrostatic sensitive

Criticality Code Justification:

Cbbl

Product Name:

Circuit card assembly, subtrigger generator

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A511k0
