Overall Length:

9.250 inches

Overall Height:

0.750 inches

Overall Width:

6.250 inches

End Application:

Outside plant

Features Provided:

Electrostatic sensitive

Criticality Code Justification:

Cbbl

Product Name:

Optical line terminating unit (oltu) 34mbit/s

Special Features:

Low power laser output; 34368 kbit/s + or - 20 ppm; optical levels at 25 degree c is for output -9.3 to -16 dbmand for input -35 to -12 dbm; 1270 to 1330nmr wavelength at 25 degree c; 10nmrspectrawidth max; 51552kbd + or - 20 ppm baud; shape & code is binary, (4+1)b/6b; supply voltage is +5 and -5 v; power consumption is 6w max; temperature range is -5 to 45 degree c

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A511k0
