End Application:

Digital control monitor

Features Provided:

Electrostatic sensitive

Criticality Code Justification:

Cbbl

Product Name:

Printed wiring assembly-control link transmitter

Special Features:

Nha p/n 1975-1034; used on ddc-m

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
