**End Application:**

F-16acft

**Features Provided:**

Electrostatic sensitive

**Criticality Code Justification:**

Cbbl

**Product Name:**

Circuit card assembly-amux interface

**Special Features:**

Nha 16e10600, data entry electronics unit mux loadable

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A511k0
