Overall Length:

2.375 inches

Overall Width:

2.094 inches

End Application:

Converter, modular; model 154440-2-b1-l

Product Name:

Voltage to current converter pc board assembly

Special Features:

8.50 to 10.50 vdc input voltage range, 4 to 20 military amp dc output current range, 100 to 800 ohm fixed resistive load range, 0 to 65 degrees celsius ambient temperature range

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A511k0
