Overall Length:

9.000 inches

Overall Height:

17.000 inches

Overall Width:

0.750 inches

End Application:

496l spacetract netted system of space sensors

Features Provided:

Electrostatic sensitive

Criticality Code Justification:

Cbbl

Product Name:

Circuit card assembly

Unpackaged Unit Weight:

2.250 pounds

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A511k0
