Overall Length:

11.970 inches

Overall Height:

1.400 inches

Overall Width:

8.720 inches

End Application:

Afats test station

Product Name:

Controller, stepper motor

Special Features:

Mating connector cannon dd505; power requirements +6v @ 900ma, +24v @ 60ma, -24v @ 30ma; external current 6amp maximum per motor phase; operating temperature 32 degrees f. To 122 degrees f. At less than 80% humidity

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A511k0
