Overall Length:

13.000 inches

Overall Height:

0.500 inches

Overall Width:

4.000 inches

End Application:

Comm & data processing

Features Provided:

Electrostatic sensitive

Criticality Code Justification:

Cbbl

Product Name:

Circuit card assembly comm & data processing

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A511k0
