End Application:

Mission develop eleme

Features Provided:

Electrostatic sensitive

Criticality Code Justification:

Cbbl

Product Name:

Cca, loopback

Special Features:

Nha data transfer unit; part of milstar system simulator; generates the internal timing signals, baud rate clocks, & simulated time/freq standard o/p required by dtu, provides ifu loopback function (when enabled)

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
