Overall Length:

14.960 inches

Overall Height:

13.000 inches

Overall Width:

1.010 inches

End Application:

Sattellite missile control subsystem

Features Provided:

Electrostatic sensitive

Criticality Code Justification:

Cbbl

Product Name:

Circuit card assembly, red processor

Special Features:

Nha p/n g611294

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
