Overall Length:

7.090 inches

Overall Height:

1.300 inches

Overall Width:

4.200 inches

End Application:

Ethernet lans

Special Features:

Einput current 625 milliampres at 13 volts; power consumption 8 watts; operating temperature 0 to 55 degc; rj-45 port for 10base-t unshileded twisted-pair cable and bnc port for 10base2 thin coaxial

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
