**Overall Length:**

8.625 inches

**Overall Height:**

0.275 inches

**Overall Width:**

0.950 inches

**End Application:**

A/f-18-dcn

**Special Features:**

Also known as printed wiring board stiffener

**Material:**

Aluminum alloy

**Material Specification:**

6061-t651 iaw qq-a-250/11 assn standard all material responses

**Surface Treatment Specification:**

iaw mil-c-5541, class 3 military specification single treatment response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A03600

**Mil-std (military Standard):**

Mil-c-5541 spec.
