Overall Length:

1.600 inches

Overall Height:

0.125 inches

Overall Width:

1.100 inches

End Application:

Sonar detecting set

Features Provided:

Arc quenching

Product Name:

Base assembly, module no. 2, 60 inch arch

Special Features:

Adhesive epoxy resin, methyl chloroform, piezoelectric ceramic, material: aluminum alloy sheet, 6061, qq-a-250/11, temper t6

Specification Or Standard:

Alloy

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
