End Application:

Sonar detecting set

Features Provided:

Arc quenching

Product Name:

Penetrator assembly, cable

Special Features:

Ink, stencil, black, varnish, ink, stencil, white, brasing, alloy, filler metal 0.062, paint, epoxy-polyamide, clear 27875 as if fed-std-595, wht, semi-gloss, paint, epoxy-polyamide primer, primer coating, sinc chromate, insert, helical coil tube, seal for corrosion protection, penetrator (.60 of 04.000)

Specification Or Standard:

Alloy

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
