End Application:

Sonar detecting set

Features Provided:

Arc quenching

Product Name:

Module no. 2 assembly

Special Features:

Wpiezoelectric ceramic, edging piece assembly; solder, tin alloy .031 dia, wire ribbon, flux, soldering, liquid, test specification projector assembly, adhesive, cyanoacrylate, solventless, insulation tape, electrical, .25 wide, coating compound

Specification Or Standard:

Alloy

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
