Overall Length:

2.950 inches

Overall Height:

0.103 inches

Overall Width:

2.000 inches

End Application:

Sonar detecting set

Features Provided:

Arc quenching

Product Name:

Element assembly, hydrophone

Special Features:

Piezoelectric ceramic, wire ribbon; solder, tin alloy, .031 dia; flux, soldering, liquid

Specification Or Standard:

Alloy

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
