Overall Length:

12.000 inches

Overall Height:

2.500 inches

Overall Width:

3.750 inches

End Application:

17-40320-1; w/s nimitz class cvn

Features Provided:

Electrostatic sensitive

Product Name:

Power input module

Special Features:

Input connector m24308/24-37; output connector m24308/23-28; 6 holes recommended mounting screw torque 30-32 in-lbs .190-32 unf-2b self locking thread x .31 maximum penetration

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A511k0
