Body Style:

Screw wedge

Overall Length:

3.800 inches

Overall Height:

0.270 inches

Overall Width:

0.325 inches

End Application:

F16 aircombit

Special Features:

Material: aluminum alloy 6061-t6 per qq-a-200/8, chemical film: black anodize per mil-a-8625 type ii, class 2; capable of expanding to of 0.325 width

Material:

Aluminum alloy 6061

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A03600
