Overall Length:

5.625 inches

Overall Width:

2.750 inches

Accessory Components And Quantity:

Relay 4

Current Rating:

200.000 milliamperes

Voltage In Volts And Current Type:

12.0 dc

Special Features:

Relays, form-c, 1.5 amps, 24vdc; temperature range minus

Functional Description:

Used to activate two ports on all galaxy access control p

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
