End Application:

Lmg-30g

Features Provided:

Electrostatic sensitive

Criticality Code Justification:

Cbbl

Product Name:

I/a series remote terminal unit (rtu) c50 20 channel analog input module

Special Features:

20 analog inputs; 12 bits + sign adc; +/-1 v or 0 to 2 v ranges; run/fail led indicator; performs data sampling and processing for all analog inputs; module provides protection against surgetransients and noise

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
