End Application:

Lmg-30g

Features Provided:

Electrostatic sensitive

Criticality Code Justification:

Cbbl

Product Name:

Module; 48 vdc, 4 ai/32 analog/digital input

Special Features:

Af t.O.21m-lgm30f-2-30-1; provides data collection and input monitoring facilities through 32 individually configured digital inputs and 4 x 12 bitanalog input sources

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
