Overall Length:

9.000 inches

Overall Width:

6.600 inches

End Application:

Mk20mod1, electronic assembly, enclosure

Features Provided:

Electrostatic sensitive

Product Name:

Advanced modular process (inavy); module, r4400 advanced modular processor (amp)(drawing name)

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A511k0
