**Product Name:**

Enhanced pentium processor-based vmebus cpu

**Special Features:**

233mhz pentium processor with mmx; 128 vme 128mb no parity dram memory; vme bus with universe ii, 10-bbase2; 10baset/100basetx interface

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A511k0
