End Application:	
Fire door rectifier	
Product Name:	
Twelve-pulse firing board	
Special Features:	
Panel mount; for 12-pulse converters or controllers; single board/600vac; employs a six-phase, phase-locked- loop to achieve precise 3	30
degree equidistant gating and excellent bandwidth	
Shelf Life:	
N/a	
Unit Of Measure:	
- -	
Demilitarization:	
No	
Fiig:	
A511k0
