End Application:

Core b instal

Special Features:

Length - 11.750 inches, width - 6.540 inches, height - 0.125 inches; drawing name - plate, support - printed wiring board

Material:

Aluminum alloy 6061

Material Specification:

Qq-a-250/11 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A03600
