Body Style:

Screw wedge

Overall Length:

2.800 inches

Overall Height:

0.220 inches

Overall Width:

0.240 inches

Unthreaded Mounting Hole Diameter:

0.068 inches all mounting facilities and 0.078 inches all mounting facilities

End Application:

Kgv-61a

Mounting Facility Type And Quantity:

2 unthreaded hole all mounting facilities

Product Name:

Retainer, printed circuit

Special Features:

Body & wedges are aluminum alloy with stainless steel screws

Material:

Aluminum alloy

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A03600
