End Application:

Machinery alarm system, ge fanuc automation north amer

Product Name:

Field control discrete input module, 24 vdc grouped, 16 point

Special Features:

Input voltage - 24 vdc; input range - 0-30 vdc; input impedance - 3 k ohms typical

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A511k0
