Circuit Card Assembly - Page 1 of 1

Fiig: A511k0

View Online at https://aerobasegroup.com/nsn/5998-01-518-6329

End Application:
Converter unit 01-460-7521; h2, h60
Features Provided:
Electrostatic sensitive and electrically insulated and mounting hardware
Criticality Code Justification:
Agav
Product Name:
(inavy)image optimization, aircraft
Special Features:
Electrostatic discharge sensitive; cca, image optimization; next assemblys 3154212 used on 3483 & 3204662 used on 3637; contract
number n00019-91-g0158
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
Yes - demil/mli
