End Application:

PI-2000d (0lkj3) , recorder-reproducer

Features Provided:

Electrostatic sensitive

Product Name:

Inavy cca-cpu with memory

Special Features:

J20: secondary rj45 connector; j17: vga crt connector; j14: primary rj45 connector; j12: ps/2 keyboard and mouse connect; j10: external ps/2 kb and mouse connect; j7, j8: com1, com2 serial port; j1: parallel port connector; j11: irda connector; fan2: auxillary fan power connector; j4: p8 at power connector; j21: external atx power connector; j9: external audio connector; j4: smart card reader interface; fdd1: floppy drive connector; j2, j6: eide connectors; j19, j23: usb connectors; j13: wake on lan connector; fan1: system fan power connector; j18: tmnds panel connector; j3: system function connector; fan3: cpu fan power connector; technical data document name: single board computer part number odt-sb-7450

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
