End Application:

4change of state status monitoring, cotrol system inputs, data acquisition systems, digital input status monitoring, dry-switch monitoring, general purpose digital inputs, ground loop elimination, high cmv digital inputs, isolated digital inputs

Product Name:

64-channel isolated digital input board with multifunctional intelligent controller

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
