Overall Length:

3.300 inches

Overall Height:

4.500 inches

End Application:

Voice, audio reponse systems

Product Name:

D/160sc-Is voice board

Special Features:

T16 ports; 0 to 50 degrees centigrade operating temperture; minus 20 to plus 70 degrees centigrade storage tempeerture; 8 to 80 percent noncondensing humidity; programmable for single or dual tone type; provides loop start interface

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
