Product Name:

Programmable interface to vme system, vers 5 full function, dual channel

Special Features:

Max power consumption 5 v at 2.8 a; 12 v at 500 ma; standard commercial operating temperature 0.0 to 55.0 degrees c; standard 6 u x 160 mm size

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
