Overall Height:

132.0 millimeters

Overall Width:

35.0 millimeters

End Application:

1769-adn devicenet i/o module or 1500 micrologix controller assembly

Product Name:

Compact input-output module

Special Features:

0-60 degrees c operating temp; 4 differential or single-ended inputs: 120ma at 5vdc or 0-6ma maximum bus current load

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
